The drawings are amended, per the attached Submission, to shown the freewheel, the auxiliary drive output, the additional aggregate and the electric machine, as required by the Notice of Allowance. New Replacement Sheets of formal drawings, accompany this Submission, incorporate all of the requested drawing amendment(s).

The specification is also correspondingly amended to provide a brief description of the entered drawing amendments and the undersigned respectfully submits that no new matter is entered by any of above. If any further amendment to the drawings or the specification is believed necessary, the Examiner is invited to contact the undersigned representative of the Applicant to discuss the same.

The Applicant respectfully requests entry of the above amendment(s) to clarify the disclosure of this application. It is respectfully solicited by the Applicant that the Primary Examiner recommend entry and the Commissioner approve the same without withdrawing this case from issue. As this Amendment After Allowance is being filed **prior** to payment of the issue fee, no petition or official fee is believed necessary.

If any further amendment to this application is believed necessary, the Examiner is courteously solicited to contact the undersigned representative of the Applicant to discuss the same. If necessary, this case will be withdrawn from issue in order to enter the necessary amendment(s).

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

Respectfully submitted,
